Anweisungen (Instructions)

Number of Players: 2

Object of the Game: Be the first player to guess which character the other player chose from the chart.

How to play:

- Pick a character from the chart and write his/her name on a small slip of paper. Set the slip of paper aside.
- Decide which player will start guessing first.
- In German, ask yes or no questions to figure out which character your opponent chose from the chart. For example: Hat diese Person kurze Haare? (Does this person have short hair?) Each of you can only ask one question per turn.

Winning:

- You win the game by narrowing down the choices until only the person your opponent chose remains. When you've done this, your opponent must show their slip of paper to prove it's the person they chose.
